GREETINGS

I take the liberty of expressing my appreciation and extending thanks to my friends and customers for their liberal patronage and generous support and the business I have enjoyed during the past six years. It is with much pleasure we present you with our price list.

Our Business Rules: Terms—Parties unknown to us, cash before shipment, or satisfactory reference. We will be pleased to book orders at any time without deposit. Send your orders in early before our packing season begins.

Reference: I respectfully refer you to the Kenyon State Bank, or any business place at Kenyon, Minn.

Transportation: We do not pay express or freight charges where we do not make a personal delivery.

We will prepay parcel post charges on strawberry plants, as we think it is the best way to send them.

We Guarantee Stock true to name, up to grade, and safely delivered. Should any prove otherwise, kindly report to us promptly. In no case are we liable for more than the original purchase price. All claims for replacement must be filed before December 1st the same season. It is our sincere desire to please all who do business with us.

Notifications Cards are sent upon receipt of order and also when shipment is forwarded.

We Grow and Sell only varieties that are recommended by the State Horticultural Society as adapted to the Northwest. Will list only a few of the many varieties which we think are the best for you to plant.

APPLES AND CRABS

5-6 ft. 35c each, \$4.00 per 12, \$8.00 per 25.

4-5 ft. 25c each, \$3.00 per 12, \$6.00 per 25.

6-7 ft.. 50c each. \$5 per dozen.

X. W. Greening—Vigorous spreading growth, fruit large, pale green, good quality, very popular as a commercial winter variety.

Wealthy—This variety is without doubt the best variety and most popular apple grown in the state. Hardy, upright grower, abundant and early bearer, fruit large, red; season Oct. to Jan.; keeps well in storage.

Anisim—Very hardy and prolific, upright grower, fruit dark red and of good quality. Its high color makes it a desirable commercial sort; season Oct. to Dec.

Duchess—Very hardy, early and prolific bearer, fruit large striped with crimson; fine for cooking and eating. The standard early commercial sort. Season September.

Yellow Transparent—A choice very early yellow sort, comes into bearing very soon after planting, and annually, medium size, fine grained, juicy. Early August.

APPLES AND CRABS.

Whitney—Hardy, thrifty, upright grower, fruit large, handsome and of good quality for eating. September.

Hyslop Crab—A large, late, dark red crab, very good for canning.

Minnesota Crab—Very hardy, strong and spreading grower, bright red fruit, very good for canning.

PLUMS.

5-6 ft. 50c each, \$2.50 per 6, \$5.00 per 12.

4-5 ft. 35c each, \$2.00 per 6, \$4.00 per 12.

Wyant—Thrifty grower adapted to all soils, fruit large purplish-red. good quality. A very sure heavy yielder.

Surprise—Upright, vigorous grower, dark red, very large and of finest quality for canning or eating.

Forest Garden—Very vigorous grower of good size, reddish yellow fruit, good quality.

CURRENTS.

Red Dutch—Standard, red, vigorous and productive.

Victoria—Red; later than Red Dutch; productive, and not so acid.

2 yr. 15c each, \$1.50 per 12, \$3.00 per 25.

GOOSEBERRIES.

Carrie—Very hardy, healthy and productive. It is nearly thornless; by its clustering habit it will please all who give it a trial.

Downing—Light green, larger than Houghton; vigorous and productive. 2 yr. 15c each, \$1.50 per 12, \$3.00 per 25.

BLACKBERRIES.

Ancient Briton—A very popular variety for the north; hardy, productive and of good size and quality.

Snider—A very hardy early variety; berries are of medium size and good quality.
2 yr. 50c per 12, \$1.00 per 25.

RASPBERRIES.

2 yr. 75c per 25, \$3.00 per 100.

Minnesota No. 4—Originated at our Minnesota fruit breeding farm. A large red berry, fine flavor and of much longer season in bearing. It is sure to take the lead of all other red varieties.
2 yr. \$1.25 per 25, \$5.00 per 100

STRAWBERRIES

Minnesota No. 3 (Perfect)—A June bearing variety originated on the Minnesota fruit breeding farm; vigorous plant and long roots. Will stand the drought where many other varieties fail. Week earlier than Dunlap.
\$1.50 per 100, \$4.00 per 300

Sen. Dunlap (Perfect)—One of the best all around sorts; berries medium size, firm, dark colored; a great plant maker and great commercial berry.

Warfield (Imperfect)—This and the Sen. Dunlap are without question the two most popular commercial berries and make an excellent pair. Dark red, firm, medium size berries, producing great crops on rich, moist soil and under good culture.

\$1.00 per 100, \$2.50 per 300, postpaid.

EVERBEARING STRAWBERRIES.

Progressive—The Progressive strawberry is the most largely planted and will probably do better on a greater variety of soils. It is a good plant maker, dark colored fruit and a good shipper. The flavor is good.

Americus—The Americus is a very sweet fine flavored berry, very productive, carrying the fruit on long steams, easily picked.

STRAWBERRIES.

1017—Is an Everbearing strawberry, perfect blossom, a very great bearer, producing more berries than any other variety; the fruit is very firm making it a good shipper.

\$3.00 per 100, postpaid.

The Everbearing strawberry fruits the same season planted. Be sure to keep the blossoms off every week until July 15th; from then on will bear a good crop of fruit until the frost kills the blossoms.

EVERGREENS.
